"THE ONE PAPER IN MOST HOMES--THE ONLY PAPER IN MANY HOMES"

Volume 59.

HICKMAN, KENTUCKY, THURSDAY, NOVEMBER 14, 1918.

Number 23.

Because the War Is Won, We Must Not Forget Our Brave Boys Over There. Give to the War Work Fund NOW

## WAR ENDS!!

**Armistice is Signed at 2:50 Monday Morning, Nov. 11**

**NATION WILD WITH JOY**

**Pres. Wilson Says Everything for Which America Fought Has Been Attained. Conditions of Surrender Drastic.**

Victory—and peace. After more than four years of struggling, the rights of mankind are served. The greatest day in the history of nations dawned Monday.

The German militaristic classes—arrogant beyond expression—are in defeat.

Kaiser and crown prince are gone—refugees in an alien country. Germanic kings and potentates no longer hold their way.

The allied armies are triumphant. Imperialistic Germany has met the fate that ultimately must come to any country that seeks to rule the world.

The armistice was signed at 5 a. m., and hostilities ceased at 11 a. m. Monday, French time (that is, 11 p. m., November 10, and 5 a. m., November 11, Hickman time).

Evacuation of all the invaded territories, including Alsace-Lorraine, reparation of all damage done, occupation by allied forces of principal gateways to Germany, handing over of the principal units of the German high seas fleet, surrender of enough war materials to positively disarm the German forces and the occupation by American and allied forces of strategic gateways to Germany to enforce the fulfillment of terms are the principal features of the armistice requirements.

Complete destruction of the German military machine which brought on the war is provided for and the way paved for reparation for the damage it wrought.

With the whole country wild with joy over the war coming to an end makes it difficult to tell all that happened here. The entire citizenship leaped with joy as soon as the news came that Germany had surrendered.

The Kaiser, together with some of his princelings and war lords have been interned in Holland. They got down and out about the time the crash came. The empire was soon in the throes of a great revolution and chaos reigned.

The triple alliance and the once powerful German military machine is now a thing of the past.

### Hickman Celebrates.

On the heels of the news of Germany's surrender—which reached this city about 3 o'clock Monday morning—Hickmanites began celebrating the good news with the firing of guns, ringing of bells, blowing of whistles, but in a more subdued manner than last Thursday afternoon, when the false report was received. Monday evening, however, when the peace news was officially confirmed, everybody turned out en masse and gave the great event a noisy welcome. At 6:30, by pre-arrangement, all locomotive, factory, cotton gin, fire and other whistles were "tied down," and from then until 12 o'clock there was one continuous din. Every kind of noise-making device was brought into action, including fireworks. The crowd paraded, sang, shouted, and with flying flags kept up the rejoicing until the delicious joy spent its force through sheer exhaustion. It was merely a reproduction of the jolliness held in every town and city in the land; where tears and laughter mingled in profound gratitude for the triumphant and fitting end of the world's most bloody struggle. Messrs. Ham and Ramsey, of the evangelist party, entertained the tired marchers for thirty minutes "between acts" with patriotic speaking. Rev. Ham paid special tribute to the greatness and goodness of Pres. Wilson—the statesman, God-fearing gentleman, and foremost citizen of the world today. Under the leadership of Mr. Ramsey, the crowd joined in "Three Cheers for the Red, White and Blue." Fortunately the celebration passed without any accident—due in large measure to the fact that Mayor Caruthers issued orders that no fire arms be discharged on Clinton street.

### Uncle Sam Did It.

Deserted by all her allies, Germany, on her knees, is accepting terms of capitulation which amount virtually to abject surrender. Except for actual hostile military invasion, the one great European power, the ambition of the monarch of which was to dominate over all, is in complete defeat. Beaten on the field of battle, the

edict of the allied chief command is that the German armies shall retire into their own home land from invaded territory. Important as the German armies shall be, also as important shall be the German fleet. Colonies are lost, and the hand that sought to reach out and attain additional territory is withdrawn by the ruling of the supreme war council at Versailles.

Reparation and restitution, in fact, full compensation of all kinds, is to be made by Germany for all the disaster that has followed her armies and those of her allies throughout the world war.

The handwriting was on the wall for Germany. Her troops had fought valiantly throughout the more than four years of warfare. But what had been considered in Germany an invincible army was beaten in feats of arms by the allied powers. Even before Germany's allies deserted her, the strength of the emboldened allies had become apparent. Unprepared, they had resisted for more than three years the assaults of an enemy who had been preparing for combat since the Franco-Prussian War.

With a determination that could never recognize defeat, Belgium, Italy, France, Serbia and Russia were overrun. Hard days were experienced by the allies, but the smile of hopefulness—of satisfaction in ultimate success—never faded. When finally the United States was drawn into the war by Germany's continued violation of international law and of the precepts of humanity, the gleam of the dawn of victory for world democracy rose in the sky. Uncle Sam turned the tide for allied victory. Without our aid, Germany would no doubt have been triumphant. When our boys—boys like those sent from Fulton county—appeared on the firing line, the drooping spirits of the war-weary allied troops revived—and from the time our boys got there, business picked up and their courage never wavered again for an instant. It was a straight road to victory.

### Draft Call Cancelled.

The Fulton County Local Board received a message from Maj. Rhodes

of Kentucky Tuesday stating that Provost Marshal Crowder had cancelled all draft calls. This is good news to the 28 Fulton county boys who had just been notified to get ready for entrainment to Camp Taylor. As a matter of fact they would have gone some time ago had the influenza epidemic not broken out.

### Analysis of Terms.

An analysis of the terms imposed upon Germany shows them to be even more drastic than those being enforced against Austria, Bulgaria and Turkey.

From a military standpoint all of these powers have been stripped even of the means of defense. The object single absolute prevention of a recurrence of hostilities is the same in each case and in general the same character of concessions were required, though in Germany's case there was no necessity to provide for future campaigns against a renegade enemy.

The surrender of 5,000 cannon, 2,000 airplanes and other war material in proportion, military men say, means that for years to come the German states will be unable to think in terms of armed force against any of the powers associated against them. Austria, Bulgaria and Turkey are in the same state as to military essentials, even if the complete political disintegration of Austria-Hungary had not virtually disposed of danger from that source.

The strength of the German navy has been cut away by the agreement to surrender 190 submarines, six battle cruisers and 10 battleships, 50 modern destroyers and many other craft. At this single stroke Germany would lose its whole modern fleet. The ships

which remain are chiefly of the pre-dreadnought days and other obsolete types.

### Heligoland Taken.

It was noted by officers that Marshal Foch and his naval advisers had not lost sight of the necessity within this week to take possession of the strategic island of Heligoland, an advanced base by the allies in case the specified ship were promptly surrendered, is designed to render the German fleet harmless in any case and to destroy the German fleet.

It has noted also with satisfaction that the German fleet had been taken in the terms against the surrender of any interdicted vessels behind the Rhine. The occupation of Rhine defenses and of a 20-kilometer zone on the right bank of the river, wherever a bridge head is to be protected gives absolute domination of the Rhine to the allied forces, even without the surrender of any other or other points within the zone. The way is to be kept open continually for a dozen routes across the great river.

Here are the principal things that must be done or possible before the victorious allied armies will have done for Germany.

Immediate evacuation of Alsace-Lorraine, Belgium, Luxembourg, Rhine and Rotterdam, without further destruction or harm to inhabitants.

The occupation by American and allied troops of all the countries on the west bank of the Rhine. Then, further, creation of a neutral

zone in a strip of territory on the east bank of the Rhine 30 kilometers (about 20 miles) wide, extending from Holland half way down to the Swiss border and 20 kilometers wide for the remainder.

### Fall Back on Rhine.

Meanwhile, as a guarantee of good faith, the occupation by American and allied troops of Mayence, Coblenz and other principal crossings of the Rhine, with a 30-kilometer radius about the bridgeheads.

On the eastern front and German troops are to be withdrawn from territory which before the war belonged to Russia, Rumania or Turkey. Then the German war machine must be dismantled. The principal portions of its army must be landed on the shores of the sea and the thousands of the thousands are to be taken from the army.

American and allied prisoners are to be released, without reciprocal action by the associated governments and the thousands of overworked civilians dragged off into slavery from the invaded territories are to be returned.

The provision of compensating the occupied territories for the havoc wrought by the invaders is contained in a single sentence, "reparation to be made."

As a step to restoring the map lines the frontiers of Rumania, which had been plundered by the German army, must be established. Money, securities, precious materials and other valuables looted from the invaded countries must be returned in full to the allies, until the conclusion of peace.

In the west, the railways of Alsace-

Lotharing, the valuable stores of iron and coal, all the stores and supplies in Belgium with armament, must be turned over.

### Blockade Remains Intact.

In the east the Black Sea ports must be evacuated, the warships taken by Germany from Russians must be surrendered, in the Baltic, forts and defenses bearing the way at the Curia must be delivered and there must be free access to the sea for the allies.

The allied blockade is to remain unchanged. Meanwhile German merchant ships are to be delivered for missions of mercy in carrying food to the starving; allied shipping held by the Germans is to be released without any obligation to restore to Germany her ships now in the hands of the associated governments. Germany is to notify the neutrals they are free to trade with the associated governments without molestation.

In a word, the iron ring is tightened and at her borders the civilized world awaits while Germany reforms herself from within.

The duration of the armistice is 20 days, and various periods are specified within those 20 days for compliance with certain specific terms.

The provision of the armistice, which was supplementary to the text as first drawn by the supreme war council and therefore does not appear in the text as President Wilson delivered it, was inserted after the German revolutionaries took possession of the German fleet. It provides that if the fleet is not delivered as specified in the agreement the associated governments may occupy the Heligoland fortress as an advanced base to secure possession. (Continued on back page)

Styleplus Clothes

## Overcoats

*you will be proud of the coat and the price*

Overcoats require fabrics of heavy weight and the long models take more cloth than a suit.

That is the reason why good overcoats as a rule cost so much now.

The Styleplus idea of concentrating big value on a few grades puts extra value into the clothes because it reduces costs.

This explains why Styleplus overcoats are possible this year at prices never considered unreasonable even in normal times.

**Styleplus Clothes**  
**\$25-\$30-\$35**

Each grade the same price the nation over

Three grades in Styleplus overcoats: \$25, \$30 and \$35—the latter including the longer and heavier models.

Two grades in Styleplus Suits: \$25 and \$30.

You can dress well and still be a thrift patriot—if you wear Styleplus. Let us show you the Styleplus garments.

*We control the sale of Styleplus Clothes Here*

## FLU SITUATION.

People Must Observe Rules to Make Order Permanent.

The Fulton County Board of Health met in Fulton Tuesday together with the Council of Defense Committee and decided to make the "flu" regulations upon certain conditions. That churches, schools, theatres and other places of assembly be kept thoroughly ventilated and that ministers, teachers and others in charge will see that no persons with symptoms of influenza, common cold, or sore throat, or from houses where such diseases exist, be permitted to attend, and that no body ventilated or overcrowded theatre, picture show, or pool room be permitted to open either day or night.

Theatres are limited to their seating capacities and the managers must eject persons coughing and sneezing. Ministers must see that their churches are not overcrowded. The school authorities must exclude children or scholars with colds. The local health board is empowered to enforce these measures and are required to record the flu on any form containing name or person violating the above provisions.

All doctors of the county are cordially requested to advise their patients to withhold their children from any home where there is an infected case.

On November 11th, the county reported the total number of influenza cases as 2967, deaths 47, under treatment 252, now cases in the previous 18 hours 59. On Nov. 11th, 2927 cases were reported, 17 deaths, cases under treatment 126 and 25 new cases reported in the previous 18 hours. With a thorough, complete co-operation of all citizens, as well as physicians, we may soon be able to exterminate this epidemic.

The above report was signed by Dr. J. A. Phelps, county health officer, and Edwin Cook Rice, chairman of the Council of Defense Committee, and sent to the State Board of Health.

Word has been received that a son of Jim Butler has been killed in France. The father resides on Frank Moore's place west of Hickman. The boy was a volunteer from this county but we are unable to get further particulars.

Mrs. J. C. Nelson and son, George Clint, returned yesterday from Port Gibson, Miss., where he has been attending school. He suffered an attack of "flu" and his mother was called to his bedside a few days ago.

F. M. Symons spent Saturday and Sunday in Newbern. His wife returned with him and is visiting her sister, Mrs. T. A. Laddford.

Mrs. E. Adkinson returned home Wednesday after a visit to her mother, Mrs. Mary Clark, of Deatusville, Tenn.

Mrs. Dodson left last week for Nashville, then to her home at Chicago. After a visit to her son, E. Dodson and wife.

Mrs. George Hadley has returned home after a visit to her husband who is stationed at Camp Taylor.

Miss John Brock has returned from a visit to her parents at Greenhold, Tenn.

G. H. Ralston, of Memphis, spent Tuesday with E. A. and A. R. Stone.

Heavy canvas gloves, only 15c at Andrews' Cash Store.

## CAYCE NEWS.

The greatest day in the history of the world was ushered in Monday morning by the ringing of bells, firing of guns and joyful shouts of this little village. The school opened but neither the children nor teachers could settle down to lessons, so they paraded the streets singing patriotic songs. They gave a yell that just fitted the occasion and used it to the limit. In the evening we had a prayer and Thanksgiving service at the church in which every one took part. Rev. W. I. Holtz conducted the religious service. Prof. Mitchell gave us a good talk. Miss Alice Richardson acted as hostess of the party. The children marched around her saluting as they passed. We had some special songs and everyone enjoyed the singing. November 11th is a day that will never be forgotten. I. F. Mitchell has been absent Thursday trying to pass a stone. He fell from the coupling while working on the railroad from leaving the engine house in his side. It was a painful hurt but not serious. We hope he may soon be out again. City Council, please take notice, no coupling should be against the city rule.

Mr. and Mrs. Chas. J. Bondurant and children moved over to Fulton Friday. Mrs. E. A. Mayfield and child and Mrs. Fannie Jones spent Wednesday with Mrs. Martin Bondurant. Miss Minnie Collins came Wednesday. We understand she has bought the Fannie Murrelson place and expects to live with us again, born to Mr. and Mrs. W. H. Murrelson on the last of July.

Mrs. Ruth Chaves returned Thursday from Pigeon, Ark. E. A. Mitchell left Saturday for Des Moines, Iowa, for a visit and expects to remain a while and work. We expect him back shortly. Mr. Joe Nell came in Saturday for a visit to his folks. Mrs. Bob Bondurant spent Saturday with Mr. and Mrs. E. A. Mayfield. Mrs. Jim Ammons spent a few days this week with Mr. and Mrs. Roy Wade. Mrs. Christine Bondurant left Saturday for her home in Memphis. Our school is opened again, but without Mr. J. C. Snug. We are very sorry that he and the children, George and Lopsy, they may soon be with us again. A number from here attended service at Ebenezer Sunday afternoon. Mr. and Mrs. Talmage Carr were the guests of their parents, Mr. and Mrs. Joe Asbel Saturday and Sunday. Mr. and Mrs. Wesley Ellridge spent Sunday with Mr. and Mrs. Will Taylor and family. Miss Jesse Campbell has returned home after a week's visit with Mrs. John Tyler of near Fulton. Mrs. Mahala Cornwell of Moscow was the Sunday guest of her sister, Mrs. Will Taylor. Miss Alice Cook returned to her home Sunday after a visit of two weeks with Mrs. Anne Oliver and family of Fulton. Mrs. Tom White spent Tuesday with her sister, Mrs. George Menouse.

The following letter was received this week by Mrs. Rita Nalling, of Cayce:

"I left France and the 28th Infantry on August 19th to return to this country as an instructor, landing September 10th. I immediately caught the 'flu' and so haven't been able to write except of the sporadic words you son is doing in France. His cheerfulness, courage and willingness have always been noticeable, and you, as well as America, may be very proud of him. I am glad to pay this tribute as his old mother. Very sincerely—Mother John N. Stone."

T. M. French and wife spent Monday in Memphis.

Wire fence anchors for sale at Belterworth's.

## United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18. As approved by representatives of the Government at Washington the money raised will be divided as follows:

Y. M. C. A.	58.67%
Y. W. C. A.	8.80%
National Catholic War Council (including Knights of Columbus)	17.69%
War Camp Community Service	8.80%
Jewish Welfare Federation	2.05%
American Library Association	2.05%
Salvation Army	2.05%

Any surplus will be divided pro rata.

## RUN CARS WITHOUT BATTERY

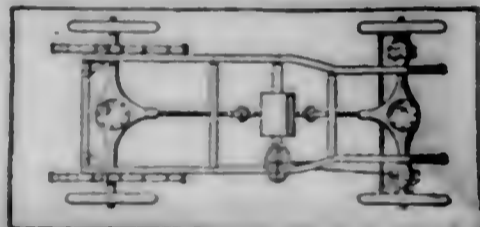

Engine Will Have to Be Operated at Fairly Good Speed, But Is Better Than Nothing.

In many makes of cars using battery ignition it is possible to keep the car running without the use of the battery. The systems referred to are those in which the generator feeds the load above a certain engine speed, the battery being used merely for car speeds under 15 miles per hour. If the battery should fail the engine cannot be started in the regular way, but once started by means of a tow or by running down hill, it can be kept running. Of course this means that the starter cannot be used and that the engine will have to be operated at a fairly good rate of speed, but then this is better than not running at all.

## PLAY IN SHAFT IS OVERCOME

Spring End Bearings Placed at Each End Solve Problem—Vibration Is Eliminated.

The drive shaft on an automobile was provided with universal joints that permitted a free lengthwise motion of the shaft, this occurring when the car was fully loaded. After a little while the inner portion of the joint housing became slightly worn, and it

Automobile Drive Shaft Floats Between Coll Springs at Its End.

was not long before the shaft was sliding back and forth continuously. A spring was placed, at each end of the shaft, as shown in the sketch, and this solved the problem, says Popular Mechanics Magazine. The shaft thus continually floats between the two springs, and the rear joint housing is the only part that moves when the car is loaded. Vibration is wholly eliminated.

## AUTOMOBILE INDUSTRY IS HIT

Estimated That at Least 60,000 Men Are Now in Service, Wearing Khaki or Blue.

It is estimated that at least 60,000 men who were employed in the automobile and allied industries at this time last year are now in the service of Uncle Sam, either wearing the khaki and blue of the army and navy or engaged in the production of war material and military equipment. The department of labor says the automobile and allied trades has lost a higher percentage of employees than any other industry. The decrease in the number of workers in January was more than one-tenth of the total number employed during the previous month, according to the statement quoted.

## TO REMEDY VALVE TROUBLES

Where Proper Opening Is Lost on Account of Constant Hammering Drill Hole in Stem.

It frequently happens that the valves become short in the stem from constant hammering and if the tappets are not adjustable, proper valve opening is lost. To remedy this condition drill a small hole up the valve stem and file a steel peg that may be driven tightly into this hole. Drill and countersink a hole through a piece of steel strip and rivet it into the stem by means of the projecting bit of steel pin. Trim off the job with a file. Another way to the same end is to drill and tap a small hole up the stem and screw in it a small steel bolt.

Wire Wheel Inspection. Wire wheels are usually installed over false hubs and locked in position by lock nuts. It is advisable to inspect these lock nuts frequently and tighten same. If wheel becomes loose on the false hub it will creak and in time injure the fittings.

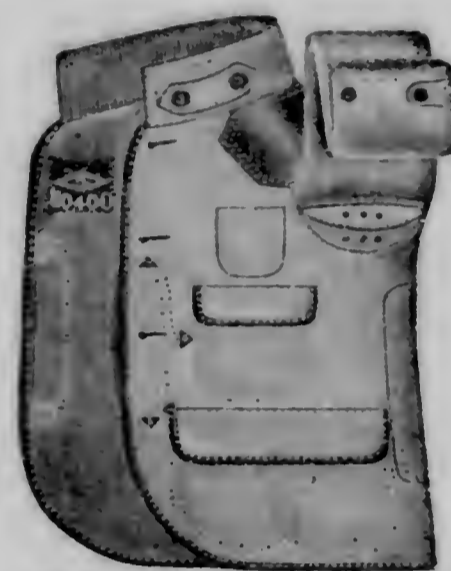

Clarence Pollock, who has pneumonia, is said to be very low this morning.

War Work Campaign Parade was Fine.  
Your Dollars Needed.

The United War Work Campaign opened last Saturday with a "big drive" and parade through the city streets. The parade was a fine success and the campaign is now in full swing. The parade was held in the city streets and the campaign is now in full swing. The parade was held in the city streets and the campaign is now in full swing.

### ANNUAL MEETING OF RED CROSS

Please take notice that the Annual Meeting of the Hickman Chapter of the American National Red Cross will be held on Wednesday, November 20th, 1918, at 7:30 o'clock of said day, at the Court House, for the election of an Executive Committee, organization of an auxiliary, reports, and transaction of such other business as may properly come before the Chapter. Each member of the Chapter is earnestly urged to be present.

MRS. J. M. CALVIN.

### McNEILL ON RELIEF BOARD.

There's a new constellation among the stars of the Great Lakes service flag and all blue stars—navy blue. It's a group of blue-star families, seven of them, now shining in the Administration building in the office of Robert P. Getty, aid for information to the commandant.

The seven were just plain "gobs" in training until today. They have been made chief petty officers, and given charge of the adjustment of personal legal matters which pertain to their fellow blue-jackets in their relationship to the navy. As "trouble shooters" they are straightening out no end of tangles and personal problems and the new department is a success.

The reason is the fact that these particular legal stars, back in civilian life, were state's attorneys, prominent practitioners and such.

Dee L. McNeill was state's attorney for Fulton county, Kentucky. His home is in Hickman, Ky. (Six other names omitted)—Chicago American.

## THE BIG

**ALLIED CAUSES**  
WHOSE NOBLE AIM  
IS TO MAKE THE U.S.  
SOLDIERS' UNIFORM  
SOMETHING MORE  
THAN AN INSIGNA—

Instantly relieves Itching Piles, and you can get  
restful sleep after the first application. Price 60c.

## KILLED IN ACTION.

Corporal Clarence Klines, Formerly of  
Hickman, Victim of Hun Bullets.

Corporal Clarence E. Klines, who killed 10 enemy soldiers here in France on Sept. 24 according to reports from the War Department.

Clarence Klines was well known in Hickman, being formerly engaged in business here. He was the son of Harry A. Klines, who resided at Hickman, La. He was engaged in the service in the Infantry July 17, 1917 and was promoted to the rank of Corporal.

The death of Corp. Klines' death is being mourned by his family and friends. It is in the hope that he will be the first of many more to come back from the front of the line.

For Rent: One furnished room with bath. Apply to Miss Jessie Carter. Fresh season Tuesday and Friday—Bellersworth.

### NOTICE.

I hereby certify that the following and other persons have been elected to the office of the Board of Directors of the Hickman Chapter of the American National Red Cross.

The ladies of the Red Cross will receive presents for the soldiers, in honor of the 10th anniversary of the war, from 11 o'clock to 12 o'clock, on Tuesday, November 19th, 1918.

For Rent: One furnished room with bath. Apply to Miss Jessie Carter. Fresh season Tuesday and Friday—Bellersworth.
